

Act 426 of 2005 permits a state bank to designate and maintain a registered office and registered agent for service of process. This registered office and registered agent will be the bank's exclusive agent for service of any process, notice, or demand required or permitted to be served on the state bank. If a bank does not designate and maintain a registered office and registered agent, then the president of the state bank is the bank's agent for service of process, notice, or demand required or permitted to be served on the state bank.

To update your Agent for Service please provide the following:
