CONFIDENTIALITY

Pursuant to the provisions of the Freedom of Information Act, the application is a public document and available to the public upon request.

If Applicant is of the opinion that disclosure of commercial or financial information would likely result in substantial harm to its competitive position or that of its subsidiaries, or that disclosure of information of a personal nature would result in a clearly unwarranted invasion of personal privacy, confidential treatment of such information may be requested. The request for confidential treatment must be submitted in writing concurrently with the submission of the application, and must discuss in detail the justification for confidential treatment. Such justification must be provided for each response for which confidential treatment in the public portion of the application is requested. Applicant's reasons for requesting confidentiality should demonstrate specifically the harm that would result from public release of the information. A statement simply indicating that the information would result in competitive harm or that it is personal in nature is not sufficient. It must be demonstrated that disclosure would meet either the "substantial competitive harm" or "unwarranted invasion of personal privacy" test.

Information for which confidential treatment is requested should be: (1) Specifically identified in the public portion of the application (by reference to the confidential section); (2) bound separately from the public portion of the application; and (3) labeled "Confidential". The same procedure should be followed with regard to filing any supplemental information to the application.

The Department will determine if information submitted as confidential will be so regarded, and will advise Applicant of any decision to make available to the public information labeled "Confidential". However, it shall be understood that, without prior notice to Applicant, the Department may disclose or comment on any of the contents of the application in the Order or Statement issued by the Department in connection with a decision on the application.

1) **PROPOSED ARTICLES OF ASSOCIATION:** Provide duplicate originals and three copies of the proposed Articles of Association and bylaws of the proposed institution, bearing the signatures of all of the incorporators (See attached sample Articles of Association).

2) **BUSINESS PLAN:** A new trust company's business (strategic) plan must accompany the application. The "plan" shall set forth the goals and address how each is to be achieved. The "plan" must project beyond the current fiscal year and should include goals and objectives for the first five years of operation.

3) **FEASIBILITY STUDY:** A feasibility study must accompany the application which shall include financial objectives, a market perspective and analysis of the site location. The study shall include, at a minimum, economic and trend data regarding the community, customer base, products and services to be offered, a review of competition, and a description of the proposed facilities including associated costs.

4) **EXPENSE AFFIDAVIT:** A majority of incorporators shall file with the Department, at the time of filing the Articles, an affidavit setting forth all expenses incurred or to be incurred in connection with the organization of the state trust company, subscription for its shares, and sale of its shares.

5) **ADEQUACY OF CAPITAL STRUCTURE:** Minimum capital requirements are set forth in Act 940 of 1997 for a state-chartered trust company at one million dollars plus any additional capital requirement which will be set at the discretion of the Commissioner. Notwithstanding statutory requirements, the Bank Commissioner will exercise his judgement as to the adequacy of the proposed capital structure. The Bank Commissioner will not accept for filing a charter application unless previously provided evidence that the purchase price of all subscribed shares has been paid into some depository bank under written instructions approved by the Bank Commissioner (See attached Depository Agreement).

A statement of the paid-in capital structure is as follows:

	Number of shares	Par value per share	Amount
Preferred capital	()	(\$)	\$
Common capital	()	(\$)

Undivided Profits			
Other segregations of the capital account			
Total capital structure			\$

It shall be the policy of the proposed trust company to maintain at all times an adequate capital structure.

The minimum requirements for sound practices in the operation of a trust company and as safeguards for the protection of depositors, fiduciary beneficiaries, creditors, stockholders, and the public, should include:

- Involvement by the board of directors in providing for the establishment and continuing operation of a trust company;
- Operation of the trust company separate and apart from every other department of the company, with trust assets separated from other assets owned by the company, and the assets of each trust account separated from the assets of every other trust account; and
- Maintenance of separate books and records for the trust company in sufficient detail to properly reflect all trust company activities.

Nothing herein is intended to prohibit the board of directors from acting as the trust committee, or from appointing additional committees and officers to administer the operations of the trust company. When delegating duties to subcommittees and/or officers, the board and the trust committee continue to be responsible for the oversight of all trust activities. Sufficient reporting and monitoring procedures should be established to fulfill this responsibility.

The board of directors, by proper resolution included in its minutes, should:

- a. Designate an officer, qualified and competent, to be responsible for and administer the activities of the trust company. In addition, the board should define the officer's duties.
- b. Name a trust committee consisting of at least three directors to be responsible for and supervise the activities of the trust company. The committee should include, where possible, one or more directors who are not active officers of the bank.

The trust committee should:

1. Meet at least quarterly, and more frequently if considered necessary and prudent to fulfill its supervisory responsibilities;
2. Approve and document the opening of all new trust accounts; all purchases and sales of, and changes in, trust assets; and the closing of trust accounts;
3. Provide for a comprehensive review of all new accounts for which the company has investment responsibility promptly following acceptance;
4. Provide for a review of each trust account, including collective investment funds, at least once during each calendar year. The scope, frequency, and level of review (trust committee, subcommittee, or disinterested account officer) should be addressed in appropriate written policies which give consideration to the company's fiduciary responsibilities, type and size of account, and other relevant factors.

Generally, discretionary account reviews should cover both administration of the account and suitability of the account's investments, and nondiscretionary account reviews should address account administration;

5. Keep comprehensive minutes of meetings held and actions taken; and
 6. Make periodic reports to the board of its actions.
- c. Provide comprehensive written policies which address all important areas of trust activities.
 - d. Provide competent legal counsel to advise trust officers and the trust committee on legal matters pertaining to fiduciary activities.
 - e. Provide for adequate internal controls including appropriate controls over trust assets.
 - f. Provide for an adequate audit (by internal or external auditors or a combination thereof) of all fiduciary activities, annually. The findings of the audit, including, including actions taken as a result of the audit, should be recorded in its minutes.
 - g. Receive reports from the trust committee and record actions taken in its minutes.
 - h. Review the examination reports of the trust company by supervisory agencies and record actions taken in its minutes.

If the above requirements cannot be met, please explain in detail.

17) **INDEPENDENT AUDIT**: The following is a description of the plans for providing the new trust company with independent external audit services annually:
